Sao Paolo as a new rotation campus

We are very proud to announce that Hult has partnered with Fundação Dom Cabral, a leading business school in Brazil, to offer Sao Paolo as another option for campus rotation.

Brazil is the world's 5th largest economy and growing. São Paulo (approx. 30 million people) is the largest city in Brazil and the commercial capital of Latin America and is a world Alpha city. Due to capacity constraints, initially, free-of-charge electives for alumni will not be offered in Sao Paolo. The Alumni Affairs office will keep you posted about the potential expansion of electives in this satellite campus.

Don't be left out! All you have to do to join the Hult Alumni Association and enjoy these benefits is to register here.
